Bessie and Lionel,

The attached was prepared by Bill Bettenberg and discussed on a conference call including the Tribe and IHS last Tuesday. There may have been other agencies on the call? I wasn't able to participate on the call, as I was traveling to EPA R-9.

Robert, Josh, and Brad – FYI - We will probably be using this in the briefing for IHS leadership at 11:30 Eastern Time today. The focus would be on page 6. I thought you would want to have a copy.
